

Highlights

- Features a small footprint and light feel so you can complete documentation in any location
- Adjusts 16" (40,6 cm) in height so you're comfortable sitting or standing
- Minimum worksurface height: 30.25" (76,8 cm); maximum worksurface height: 46.25" (117,5 cm)
- Supports displays up to 24", 6–16 lbs (2,7–7,3 kg) and provides 30 degrees of tilt and 360 degree rotation
- Monitor riser lifts your display — even an all-in-one — with 5" (12.7 cm) of additional adjustment
- Provides plenty of space for a keyboard, scanner and other small items you need on the large 23" x 20" (58,4 x 50,8 cm) worksurface
- Creates a personalized set-up with a t-slot channel interface on the cart's column that allows you to integrate your favorite accessories
- Add an optional power system to turn Lean WOW into a powered cart

ERGOTRON®

StyleView® Lean WOW™ Cart

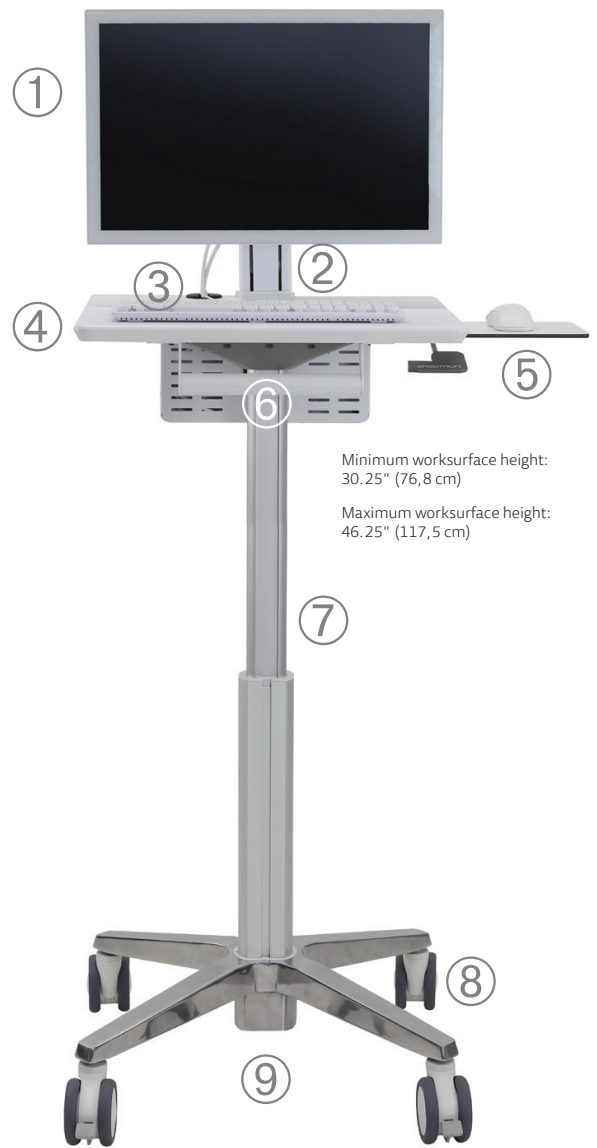

Lightweight "Workstation On Wheels"— ideal for documentation efforts anywhere in the facility

The Ergotron StyleView Lean WOW cart is an agile workstation-on-wheels for your display or all-in-one with a small footprint that fits into tight spaces. The height-adjustable column moves 16" (40,6 cm) so you can work comfortably sitting or standing.

The monitor riser provides additional height adjustment for the display. Add the slide-out mouse shelf, comfortable handle, clean cable management and you have a lightweight cart that's ready for heavy duty use.

- ① Supports displays up to 24" and provides 30 degrees of tilt and 360° rotation
- ② Monitor riser supports displays 6–16 lbs (2,7–7,3 kg) and provides an additional 5" (12.7 cm) of height adjustment. Riser attaches at the back of the worksurface so you have plenty of work area in front
- ③ Enclosed cubby beneath the worksurface provides storage for power adapters, cables and even an ultra-small form factor computer. Dimensions: 14.6" W x 10" H x 3.5" D (37,2 x 25,4 x 8,9 cm)
- ④ Spacious worksurface: 23" x 20" (58,4 x 50,8 cm)
- ⑤ Pull-out mouse shelf extends to the left or right side. Mouse surface measures 7.5" x 7.5" (19 x 19 cm) when fully extended, and slides under the worksurface when not in use
- ⑥ Comfortable, rounded handle tucks under the worksurface so it's easily accessible yet out of the way
- ⑦ T-slot channel interface on the column allows you to integrate accessories
- ⑧ Includes four 4" (10,2 cm) casters; two are locking
- ⑨ Features a small base footprint just 24" x 22" (61 x 56 cm)

Minimum worksurface height:
30.25" (76,8 cm)

Maximum worksurface height:
46.25" (117,5 cm)

Spacious worksurface:
23" x 20" (58,4 x 50,8 cm)

Pull-out mouse shelf extends
left or right side; slides under
the worksurface when not
in use

Enclosed cubby beneath the
worksurface for storage of
power adapters, cables and
even an ultra-small form factor
computer

Monitor riser attaches at the
back of the worksurface

Sturdy 4" casters glide easily
across many flooring types
